

# AIS 03.2011 Update

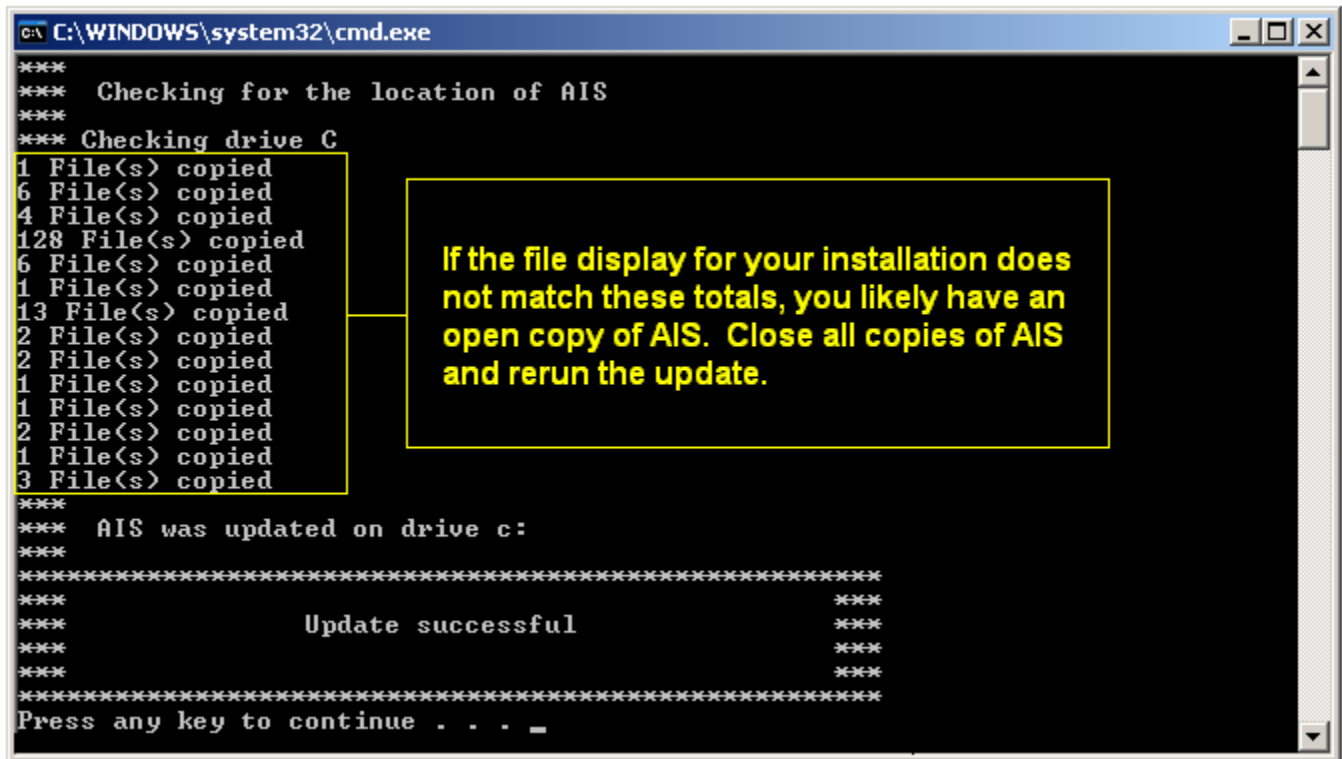

The AIS Windows 03.2011 update contains:

- Additional commodities
- A new report feature

## Installing

Click **Setup** to start the installation process. Make sure that there are no open copies of AIS on any computer on the network or the installation computer or the update will not complete properly.

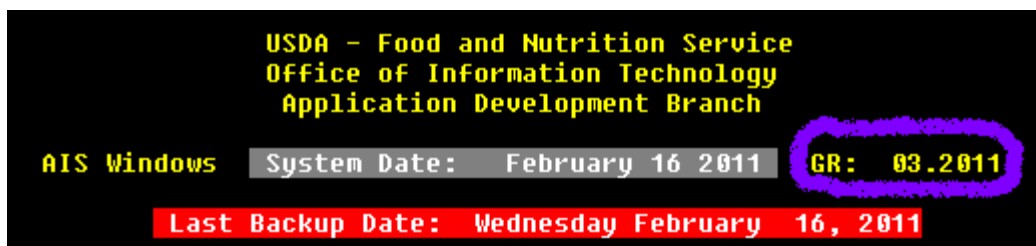

A screenshot of a Windows command prompt window titled "C:\WINDOWS\system32\cmd.exe". The window shows the output of the AIS update process. The text is as follows:

A yellow box highlights the list of files copied. A larger yellow box with black text is overlaid on the right side of the command prompt, stating: "If the file display for your installation does not match these totals, you likely have an open copy of AIS. Close all copies of AIS and rerun the update."

Verify that the files copied totals match the display example above before pressing any key to continue.

When AIS is started the updated guide rate will appear as:

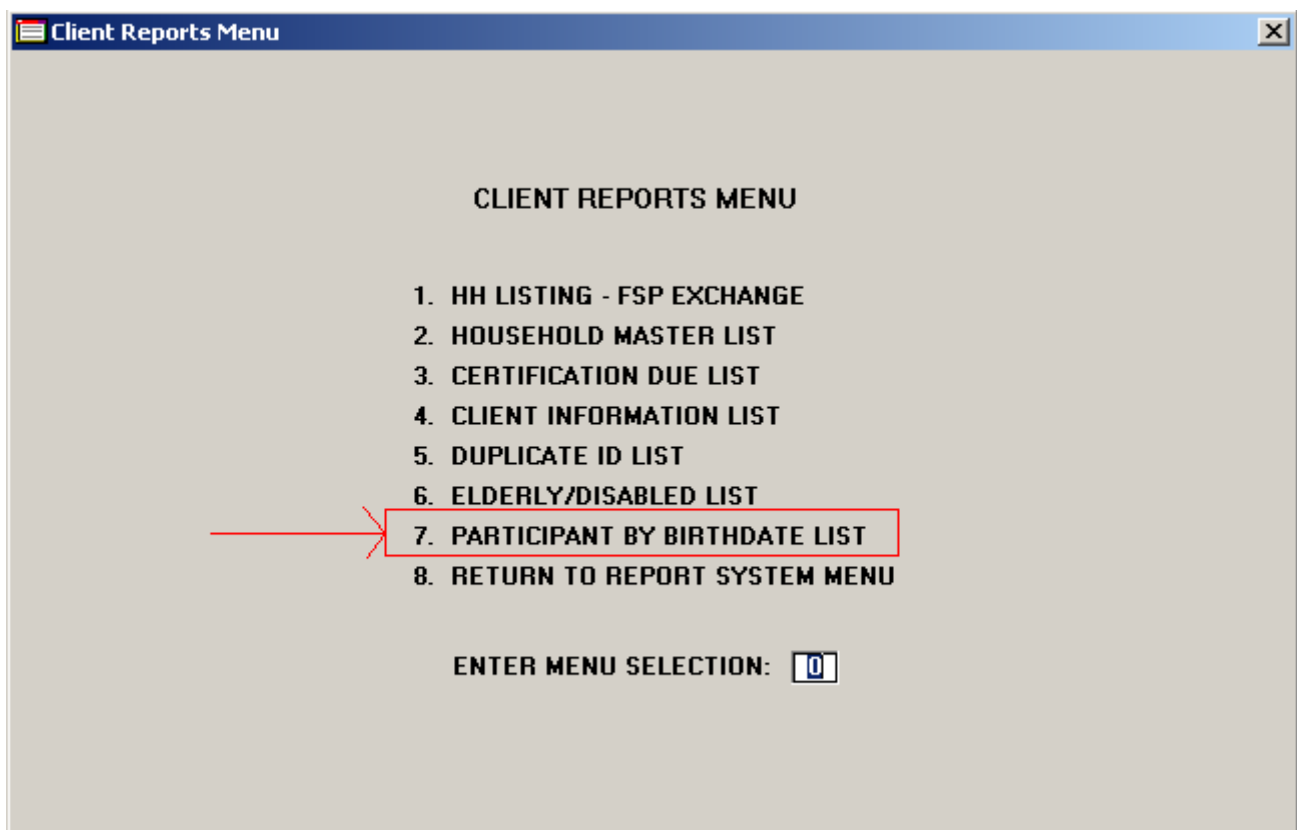

## Commodities

The following table defines the additional commodity codes available in AIS:

## Report Feature

A new report has been added to the Client Reports Menu:

This report is the "PARTICIPANT BY BIRTHDATE LIST". With this report you will be able to enter the age range of any participant entered into AIS with the ability to include participants who have been terminated.

This is the initial display when the report is selected:

Household Master Listing

PARTICIPANT BY DATE OF BIRTH LISTING

Beginning Date of Birth: 0 0

Ending Date of Birth: 0 0

Terminated on or after: 2 2011

Sorted by Name (Y/N):

Copies (1 to 9): 1

Age at reporting date: 0 0 Y / M

Age at reporting date: 0 0 Y / M

F2 - NEXT F3 - EXIT

The **Beginning Date of Birth** is the “oldest” age. The **Ending Date of Birth** is the “youngest” age. The **Terminated on or after** value defaults to the current date meaning that any current participant will be reported and any participant in a household terminated prior to the entered date will be excluded. **Sorted by Name** allows you to sort the report by participant name (Y) or by the participant ID (N). Only the last 4 digits of the household or participant ID will be printed on the report in the even the report is shared with another agency.

Household Master Listing

PARTICIPANT BY DATE OF BIRTH LISTING

Beginning Date of Birth: 2 1993

Ending Date of Birth: 2 2001

Terminated on or after: 2 2011

Sorted by Name (Y/N): N

Copies (1 to 9): 1

Age at reporting date: 18 0 Y / M

Age at reporting date: 10 0 Y / M

F1 - PREVIOUS F2 - NEXT F3 - EXIT

In the above example the report will print all currently certified as of 02/2011 participants who are from 10-18 years in age.
